## PREFACE

This reference aid is a guide to the administrative structure of the Cuban Government and of the various official and mass organizations. It includes the names of incumbent key personalities. The latest date of information is mid-June 1978.

A hierarchical table of contents is provided at the front of the directory. This is followed by a glossary of terms, a map illustrating provincial and municipal boundaries, a chart of the Cuban Communist Party Central Committee, and an alphabetical table of contents. At the end of the directory is an alphabetical index of personality names followed by a chart depicting the Cuban leadership.

Changes in the directory since the last publication include the addition of a fourth chapter, entitled *Cuban Representation Abroad*. In this chapter, Cubans assigned overseas in a diplomatic, commercial, military or wire service status are listed by their geographical location.

This publication supersedes CR 77-16183, dated December 1977. Suggestions, corrections and updated information to this reference aid are welcomed and appreciated.
